## **Disney on Ice**

Aimed primarily at children, the shows feature figure skaters portraying the roles of Disney characters in performances derived from various Disney films. Feld Entertainment licensed the rights to Disney material for ice shows and includes shared merchandising revenue between Disney and Ice Follies.

## Enoshima Aquarium

The Enoshima Aquarium is a large, modern aquarium found along the beach across the bridge from Enoshima. Much of the aquarium, including its two story tall main tank, displays the diverse aquatic life found locally in Sagami Bay. The aquarium also has dolphin shows, penguins and seals and an excellent jellyfish display.

## Fantasy Land

A large ingenious playground with air-filled trampolines and closets full of costumes to play dress up. The indoor facility has a big sand box that uses sterilized sand. A nice restaurant for kids is also available in the immediate play area.

## Fuji Safari Park

Fuji Safari Park, which opened in 1980, was the first safari-style attraction of its kind in Japan, and is by far the largest. The park is divided into two zones: the safari zone and the free contact zone. The latter is made up of zoo-style enclosures for smaller mammals, as well as a small petting station for rabbits, which was also a big hit with the kids.

## Fujiyama Heights

This theme park is located near the base of Mount Fuji. It has a number of roller coasters, as well as two haunted attractions: The Haunted Hospital, the world's second largest haunted attraction and the newly built Hopeless Fortress. Other attractions include Thomas Land, a children's area with a Thomas the Tank Engine theme and attractions themed to Gundam and Evangelion.

## Green Wave Park

Located in Sagami-hara, Kanagawa, Green Wave Park has a large playground, kids facility, flower garden, sports field and a free public zoo. It is also famous for its Hydrangea. Asamizono Park has approximately 170 different kinds of Hydrangea that bloom in June. At the observatory you can see a great view of the Sagami area.

## Hakkeijima Sea Paradise

A leisure land surrounded by nature. It is the home of one of the top aquariums in Japan. The park has Japan's first surf coaster that swings out over the ocean, an exhilarating vertical fall amusement ride, Blue Fall. They also have specialty shops, great restaurants, a marina and a hotel located among wide grass and flower gardens.

## Hakone Open Air Museum

The Hakone Open-Air Museum opened in 1969 as the first open-air art museum in Japan. It is located in grand nature of Hakone that was once called one of the most rugged paths in Japan. The garden with a view of the mountains of Hakone and changing four seasons provides an ideal outdoor setting to show oversized sculptures.

## Hamagin Science Center

Provides various interactive displays and simple experiments in such areas as the Space Captain Room, the Space Discovery Room, the Space Training Room, and the Space Laboratory. The dome-shaped Space Theater with a diameter of 23 meters and a slope of 30 degrees offers an exciting planetarium experience by a digital video projected on the dynamic screen.

## Harajuku Shopping

The symbol of Harajuku and birthplace of many of Japan's fashion trends, Takeshita Dori (Takeshita Street) is a narrow, roughly 400 meter long street lined by shops, boutiques, cafes and fast food outlets targeting Tokyo's teenagers. Because of the street's popularity, it becomes extremely busy and crowded on the weekends. Interesting shops and restaurants can also be found along some of the side streets.

## Izu Beach

Soak up the sun at this beautiful white sanded beach, with a nice hike to the torii gate, you will be able to take memorable photos. We offer skim boards, boggie boards and other outdoor activity sports. Showers are ¥500 and a convenient store is located just across the street.

## Joypolis

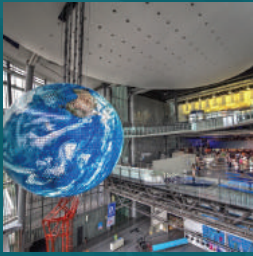

Sega Joypolis is an indoor amusement park. There are many thrilling rides and simulations, including attractions based on Sonic the Hedgehog, Transformers, Gekion Live Coaster, and the snowboarding simulator Halfpipe Tokyo. Joypolis also boasts a large variety of 3D and Virtual Reality games and attractions, along with an arcade.

## Kidzania

Very realistic educational environment that allows kids between the ages of four and twelve to do what comes naturally to them: role-playing by mimicking adult activities. As in the real world, children perform “jobs” and are either paid for their work (as a fireman, doctor, police officer, journalist, shopkeeper, etc.) or pay to shop or to be entertained. The indoor theme park is a city built to scale for children.

## National Museum of Emerging Science & Innovation

Enjoy exhibitions and hands-on activities with technology and science exploring in understanding the latest technologies, our environment, space exploration, and more. Children will have the opportunity to ride an UNI-CUB (vehicle robot), watch an ASIMO Humanoid Robot demonstration, visit neutrino observations, and learn about experiments and lives of astronauts.

## Odaiba Shopping

Odaiba has the most resort-like atmosphere for Tokyo shopping. Weekdays it's full of foreign tourists, while weekends bring visitors from Japan's countryside, families with children and couples. There are tons of popular spots! Surrounded by the ocean and an enchanting futuristic landscape, as well as shops of every kind.

## Orbi Yokohama Museum

Visitors enter the "EXHIBITIONS" area that invites them to discover the Earth's mysteries by travelling to 12 different zones including the skies above us, the deep ocean, the jungle and the arctic. The "THEATRE 23.4" is a truly spectacular theatre experience, where you will see nature on a truly grand scale, with bespoke BBC Earth films created for one of the biggest screens in Japan.

## Sagamihara Movie Theater

Sagamihara Movie Theater will offer movies for the children to enjoy this summer, movie title to be determined. Enjoy popcorn, drinks, candy and of course amazing movies!

## Sagamihara Pool
