Are you enthusiastic about craft and want to try something new? Let's go to Dallas Village to try "glass blowing". Decide what to make; table glass, mug, wine glass, vase, wind chime, paper weight etc. Pick your favorite color and pattern by viewing their samples for reference. Glass blowing is not difficult; it is just like blowing balloons. Once the molten glass gathered on the edge of the slender iron pipe is inflated big enough, you start forming the glass. During our 4-hour stay at Dallas Village, you will have time to enjoy other crafts such as pottery making/ painting, tile making, art soap, kaleidoscope making, fusing, silver craft and more (or glass blowing again!) on a seat available basis.
